## **DETAILED ACTION**

### ***112 Rejections Withdrawn***

The rejection of claim 11 under 35 USC 112, second paragraph, outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment clarifies the definition of  $R^2$  as appropriate.

### ***102 Rejections Withdrawn***

The rejection of claim 11 under 35 USC 102(b), outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment narrows the claim by proviso such that it no longer reads on the cited prior art.

### ***Allowable Subject Matter***

The elected species and its obvious variant (previously defined in the prosecution) remain free of the prior art, and claim 22, drawn exclusively to the elected species, remains objected to as being dependent upon a rejected base claim, but would be allowable if written in independent form including all of the limitations of the base claim and any intervening claims.

Applicant having overcome the outstanding 102 rejection, vide supra, the search was therefore expanded as called for under current Office Markush practice, a compound-by-compound search, to include a single additional compound. That

Art Unit: 1621

compound is defined when:  $X=N$ ;  $n=1$ ;  $R^1=H$ ;  $R^2=H$ ; one  $R^3=H$  and the other =aryl=phenyl; and  $Z=F$ . A rejection follows.

### ***Claim Rejections - 35 USC § 102***

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim 11, in so far as it reads on the species cited above, is rejected under 35 U.S.C. 102(b) as being clearly anticipated by *J. of Org. Chem.* (1980), 45(26), p. 5328-5333 (CAPLUS abstract). The reference teaches applicant's compound: RN=74275-07-3. (Note: The prior art compound when flipped 180° conforms with applicant's orientation of the compound of formula I.)

### ***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

Art Unit: 1621

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
